

Summer Courses in the Peruvian Amazon

Three Courses will be offered during summer 2019:

➤ **Fish Biology**

July 1 – July 10

Introduction to behavior, ecology, and taxonomy of fishes in the Peruvian Amazon

➤ **Fish Pathology**

July 15 – July 24

Identification of diseases and parasites of freshwater ornamental fishes

➤ **Limnology of Amazonia**

July 29 – August 7

Biological, chemical, and physical features of the waterways in the Peruvian Amazon

Courses will be open to all students and will be taught in English, regardless of education level or age and will have both classroom and field components

Students will have a chance to sample from three different river systems in the Iquitos region (Rio Amazon, Rio Itaya, and Rio Nanay)

COSTS:

One Course	\$1795.00
Two Courses	\$3500.00
Three Course	\$5175.00

All inclusive: room (double occupancy with A/C, bathroom and internet), 3 prepared meals a day, boat fees, etc.

Not included: Airfare

All courses will be taught at the Amazon Research Center for Ornamental Fishes in Iquitos, Peru.
